DEDICATION

To every student
Climbing the stairs of Lash,
In the hope that this book
May be his life companion
And hold memories of friends and times
He will never see again:
We,
The Comus Staff of '41
Do dedicate this book.

1941

Faculty

ADMINISTRATION

Mr. Ray has been our superintendent for the past three years and has recently been given a new contract for five more years.

Mr. Ray has actively participated in national educational conferences and meetings in Washington, Chicago, Milwaukee, Columbus, Atlantic City, and New York, and has recently addressed the Ohio College Association on Adult Education at Columbus, Ohio, and the Harrison County Teachers Institute at Cadiz. He was a member of the Evaluation Committee of the Gallipolis and Coshocton High Schools.

BOARD OF EDUCATION

DR. W. C. BATEMAN, President

MR. HARRY HESKETT

MR. VERNON WOOD

Mr. Cleary is principal of our school. He has won the respect and high regard of all. By his constant and untiring attention to our problems, he has rendered the best service possible to our school and community.

ADMINISTRATION

Mrs. Harvey, Dean of Girls, is a helpful friend to each and everyone. Her work is never finished for she is always solving the problems of those who go to her for help.

All girls should feel free to go to Mrs. Harvey's office whenever necessary.

Mrs. Harvey assists in the management of the school along with her other activities.

Mr. Boggs, our assistant principal, is a great help to Mr. Cleary in the work he is doing.

His tasks are many, mostly taking care of the things which come up around the office.

We hope he continues his work through many years to come.

Mr. Himes is acting this year as our new Dean of Boys.

He has charge of all phases of attendance and tardiness. He has been very successful in discharging the duties of this office and is well liked and respected by the boys with whom he deals.

We hope that he has many more years as successful as the past one has been.

PRESIDENT'S ADDRESS

I sincerely thank you, my fellow officers, chairmen of committees and classmates for your understanding support. I as wholeheartedly thank my teachers and my principal for their friendships and the things they have taught us all.

For the past twelve years, while keeping strict union time, we have been shaping the foundations of our future. We have all worked at the same construction job, but individually our results are different. For variety is our nature. In the catalogue we go for students, but the list of values distinguishes the swift, the slow, the subtle, everyone according to the gifts which bounteous nature has given him.

Such has been our academic existence. But not so tame our extracurricular life. A group of teachers, intimating that we looked and acted like guinea pigs, suggested that we might as well step into reality. So in our extracurricular life, they literally pulled us in two, and did all kinds of things to us. I only pray that their meters recorded results satisfactory to themselves, so that all construction can resume next year.

Perhaps in our friends who have loved and supported us we have taken the most joy.

*"Shall I compare thee to a summer's day?
Thou art more lovely and more temperate".*

Such friendships, eternal or not, will enable us in the future to choose those whom we will idolize and revere.

Scholarship and students, if I may take a figure of speech from physics, seem to have noticeably like poles, for unfortunately we discover that only a little factual knowledge stuck to us. That which appealed to us we remembered, the rest we elided and forgot.

Like the motion of the stars, part of our knowledge progressed imperceptibly. Our teachers' private bits of philosophy have been invisibly but deeply felt. But of course we never thank the teachers. They aren't human.

The greatest metamorphosis, totally hidden from the eyes of the observer, has been the gradual perception of life within ourselves. It is painfully slow—like the changing of a traffic light when you're ten minutes late—yet "line upon line, precept upon precept, here a little, there a little, thus do we make progress." Even so, the change is there. And in the commonest things we do, there is a lesson, if we can find it that will reveal the meaning of a puzzling fact, or help wipe away our prejudices of people and things. That gradual but invisible growth really consummates the total of our learning.

Those things put the dignity in Seniors. But common friends, living and working together at the same lessons, participating in the same organizations, make them stick together like feathers to molasses on a summer day. Those things show to the world we are one of a definite kind, while the senior memorial proves to future generations that we actually went here to school.

But now the door is opened. Let's see what's beyond that door. Our foremost worry is our immediate future. First the draft, then the war. Somehow we must realize there is no future in being killed in a war. As President Coolidge replied, when questioned about a certain preacher's opinion of sin, "He's agin it," so, when it comes to war, we must be "agin it".

Evidently, we seniors are about to plunge into a spring deluge we did not pray for. And we hope our education has given us ample protection from it. We know that if we control our emotions and direct our minds to our duty; if we have within us love, hope and power to extend them, we will fulfill our youthful challenge "to strive, to seek, to find, and not to yield".

Edward Martti,

President, Class of '41.

Miss Rachel Higgins, Advisor.

CLASS HISTORY

The senior class like a tree has been developing the last three years, and from a small seedling has now begun to blossom and to bear fruit.

Three years ago we were transplanted from our familiar junior high schools to Lash High School. Soon, however, our roots began to take hold and we became familiar with the faculty and with our fellow students. Unimportant though we were, we began to take an interest in the things about us: the Ilka and Torch Clubs opened their doors to us; with the help of some of our class, our football team won the Central Ohio League championship; we started to become a decorative part of the scenery.

As plants beginning to bud, we advanced to our Junior year. Many members of our class took advantage of the benefits to be derived from the Hi-Y, D. O. Z. and Librarian's Club, which were then open to us. The football team won its second consecutive League Championship. Some members of our class showed talent and sportsmanship in the basketball games. Other members demonstrated their acting ability in the Junior Dramatics Class play. Comus and Zanesvillian members were chosen at the end of this year. As a result of much hard work, we presented to the

seniors our major social event of the year—an original combination Junior-Senior Prom Party.

Finally we blossomed and achieved that desired pinnacle—our Senior year. Our football team, the first ever to use the Zanesville Municipal Stadium, completed a successful season. Our basketball team also had the honor of being the first Lash team to use the Municipal Auditorium for its games. With this incentive, they won the Eastern District Class A championship, and journeyed to the state tournament. Seniors played important parts in the successes of both the debate and dramatics productions. Some of us had the honor to become members in the National Honor Society. Now we shall be receiving our diplomas, and shall be taken, like the pollen of flowers, to other fields to start a new phase of life.

The fall of our school life has come to an end, but other springs and summers are still to come. "If winter come, can spring be far behind?" What effects the coming seasons will have on us will depend largely upon the force of our determination to succeed.

Mary Eileen Queen.

Mr. R. Buxton, Advisor.

CLASS ORATION

We seniors are finishing our high school course. Did you ever stop to think why we go to school? More than two thousand years ago a philosopher by the name of Plato said: "The purpose of education is to give to the body and to the soul all the perfection of which they are capable." If this is true today, let us question for a minute what education has done for us thus far.

Going back to the Bible stories, you remember that the disciple Paul was trained to be a tentmaker. But his life interests were not limited to his vocation. He propagated the Christian religion. Jesus was a carpenter; but his social interest was to interpret to humanity God as a Father. Both he and Paul developed first their bodies, because that was the idea of education then—that a young man learn a trade in order to make a living. After that, they both continued to develop their minds.

Let us see how we seniors have prepared ourselves to earn a living. Just as Jesus and Paul had to earn a living, so do we. Our school has attempted to help us find out what we can do best and what possibilities there are in various vocations.

We may have received our interests from our parents or neighbors. If one's father be an engineer, it is probable that one will be interested in mechanical work of some kind. This does not always hold true, but our teachers have tried to develop such talents as are apparent to bring out latent ones. We know more clearly what we desire to be. So we see that school has pointed us directly toward our interests, and in this way has helped us to fit ourselves into the world pattern.

Let us assume now that we have a job; we can earn a living. Has school helped us to be more than "tent makers"? After a day's work, what shall we do to relax? Most older people have a hobby. Our neighbors, I notice, all have an avocation. One grows flowers; another does carpentry work; another plays with mathematics. Why? I imagine that the first one liked biology, and it furthered her interest in flowers. Perhaps the second en-

joyed more than anything else his manual training. The third, his algebra, trigonometry, and geometry. Whatever subject in school it was, it stimulated his interests to study further. It caused him to go a little deeper into some odd job, to develop it, to make it grow. It has prevented him from being regimented into a monotonous scheme of work. It has preserved his individuality. I know that these hobbies are not pursued for profit, but for enjoyment. In that way they help to maintain an even temper in the "mass" of people. So we see, to get back to school, that our teachers have helped to develop in us various interests. Such hobbies have, in many cases, opened new fields of endeavor that have revolutionized the world's work.

However, as Paul visioned, there is something beyond this. We must have a broader outlook. Neither a hobby nor a job is for the betterment of the individual alone. The broadest interpretation we can give to reality must be concerned with the fact that we are here between the unknowns of birth and death for some good purpose.

In this helping of others we find literally our own salvation. One of the causes of totalitarianism in mid Europe is its assurance of work for every individual. It tempts the people to sell their birthright of freedom for a mess of pottage. In the world we have food and freedom for everyone. We must keep in mind this responsibility to others. The problem of distribution is still one to be solved.

It has been the history of man that he has developed from the animal stage to civilization because of the urge to use his span of life to change his social environment. Let us remember that it is not only our privilege but our duty to add our bit to this progress.

Our school has carried us to the brink of education; we have enjoyed ourselves while working, and we shall continue to have fun in pursuing and achieving. Coming back to Plato: "The purpose of education is to give to the body and to the soul all the perfection of which they are capable."

Ernest Martt

Miss Grace Petty, Advisor.

CLASS PROPHECY

Good afternoon, ladies and gentlemen. This is Station Strive, Seek, and Find, ready to bring to you another half hour of enlightening entertainment. Every year at this same time we predict odd news, exclusive news that is hot off the wires.

Now a word about our product. It is the result of ten years of failure, recovery, prosperity, financial strain, and industrial crisis. It began with the graduation of some 300 persons in 1941. As it grew, it gained widespread acclamation until today—the whole world knows it for its magnetic personality. It is called "Alumni in 1951".

Our program begins this afternoon with a brief survey from the world of science and invention. Possessing brains both light and heavy, a few 1941 alumni have performed those miracles in science and invention that put Einstein on the spot. ERNIE MARTT and JAMES BROWN are leaders in the field of physics since their invention of a perpetual motion machine. JESSIE MAE KEYSER, JEROME GOODMAN, CHARLES PEP, PER and JANE JUDY have also made names for themselves in this field. BOB KING has raised the standards of pharmacy by a complex solution which turns the skin sun tanned. MARY IAN BRANNON, JUNE ALLEN, FRANCES ROBERTS, and BETTY SPRING are only a few of the persons who have drunk this liquid solution and highly praised its effect. In a decade HELEN TOWT has so studied the composition of the sun that she has been able to make an artificial sun which when suspended on the central axis of the universe lights up the night so that daytime can now be twenty four hours long. The first people to stay awake to see the dawn of the new type of day were MARTHA BERRY, CONNIE HECK, MARTHA ANN FPPLEY, ELOISE GADD, and MARIAN HEIM.

A group of eight scientists, EILEEN RIGGLE, VIVIAN MASON, FLEANOR

HAMILTON, CAROLYN YOUNG, FAYE WALKER, MARJORIE FACTOR, and CRACE STANBERRY, organized an Insecticide Society. They experimented and found that bug which would eat the green bugs on the sweetpeas and the black bugs on the nasturtium. JEAN KELLY, FRANCIS WILLIAMS, SHIRLEY CATON, GERALDINE SPENCER, BILL THORNTON, and BOB BELL, incorporated, patented an electrical equipment for farm homes whereby the farmer, standing in his living room, can press a button which plows the sod, another button which sows the seed. The third button when pressed cultivates the crop, and the fourth button harvests and stores the produce.

An operating table electrically charges, constructed by the partnership of WEST and McCASLIN, so lights up the surgical patient that all organs are plainly luminous. Surgeons, MARY ALICE HOLT, DURWARD EVANS, FRANCES BRADLEY, LOIS DOZER, have become famous through the use of this modern equipment. Draftsmen GARWOOD WALP and BOB MARSH; mechanics DICK WINE and DOROTHY KLOSKY; financiers, RUSSELL LOWE, JEAN SCHULTZ, and BILL NESSLINE; labor over a period of years to give four out of every five individuals in this great country an airplane so popular in price and practicability that it is indispensable.

Keep your dials tuned to this station, radio audience, for we are now ready to switch the controls to bring you the sports commentator.

According to the information received from MIKE ROSTEK, manager of the Green Bay Packers professional football team, JOHNNY FELL, sensational tackle of the Chicago Bears, will be playing opposite his old team-mate DAN WALLACE of the Packers, in the play-off for the pro football championship. Ace sports-writer HARRY HEIM of MAUTZ,

STONE, and SPRATT, Syndicate, Inc., doesn't give any odds on the outcome of the game, claiming that it will be a tossup.

Good news for baseball fans! JACK HOFFMAN, sensational south-paw twirler of the Cards, has signed his contract calling for a reported salary of \$54,500!

Newcomers to the tennis world, JACK STONEBURNER and IRMA CROTZER, are bringing home all the cups.

Golf addicts will be happy to hear that JOHN SWARTZ, RICHARD BEBOUT, and THELMA MAYO are favored above other entries competing in the Wishy-Washy Country Club Tournament to be held at Cornfield Corners in Corpse County, Utah.

Flash! "Ivory Cubes", the recent entry from the ZWELLING Stables in the Kentucky Derby is a two-to-one shot whereas the highly favored "Knock Kneed" from the McCANCE Stables has fallen from two-to-one to four-to-one!

Hot from the ringside! MIKE ROACH, the eccentric pugilist has just won the flyweight championship of the world by the T. K. O. route!

It is rumored that among the many contestants entered in the annual speed boat classic at Los Angeles, will be ROBERT FORD, GORDON NEWTON, and MARY MILES, well known amateur speed-boat enthusiasts.

Speaking of races, WILLIAM BURLINGAME, PAUL ANDERSON, and BARBARA DICKERSON are in the Charleston Trophy from Miami to Cleveland, according to the information received from mechanic JOE ARBAUGH.

Among the many new facts to be seen at the Indianapolis speed-way classic which will be held soon will be two famous dare-devils, LLOYD PRICE and LEFERN SAMSON, competing for top money. KENNETH DENMAN will be back again this year to defend his title.

BOB SAYRE will be defending his three-cushion billiards championship when he takes

on all corners including ex-champion DICK SMITH from Lash's class of '41.

The U. S. entry in the six-day bike races to be held in Madison Square Garden will be composed of KEITH WATTS, HAYDON WILLIAMS, and manager ROBERT SHAW.

Attention, hockey fans! HARRY BELL, that flash forward has at last been sold to the Black Hawks after long negotiations. The sale will probably mean the difference between a championship and a runner's-up position.

Here is something of interest to you sport fans. The U. S. four man bob sled team composed of RUSSELL WEIR, BOB HISKEY, REED BEFGHLEY and RUSSELL HODGSON has just qualified for the Olympics, which are being held this year in Rio de Janeiro, South America.

Flash! The largest saltfish that has ever been caught in Florida waters has been landed by RUTH HAYWOOD. Some credit must also go to EDWIN BRANSON, who maneuvered the craft while the catch was being made.

EDNA COTTER and VELMA CHEMMA will be the new swimming instructors at the new Y. W. C. A. pool.

Trapshooting champion, TOM REED, will have his hands full in the national contest, when he meets such sharp-shooters as EARL JONES, MARILYN HARRIS, and CLYDE PERINI who will all be competing in the trapshooting event for the championship.

This sports round-up has been brought to you through the courtesy of the ZIEMER and YOUNG Basketball Equipment Company, makers of unexcelled basketball products.

Stand by for a review of our achievements in the realm of culture.

We will now bring you a short session on "Who's Who" in literature and the arts. The best sellers of the season were written by BOND LITTLE and LEONE BIRKHIMER. LEATRICE COOPERIDER was awarded the Pulitzer prize. A contest which was held recently to find an American Poet Laureate disclosed the fact that HOWARD RUSH is

America's Number 1 poet, although JUANITA CHURCH and MARY EILEEN QUEEN were stiff competitors. PAUL ENGLAND and LORENA WALKER, authors of a popular novel, are conferring with JO MANISCALCO who wants to make their book into a movie. Probably the leading lady will be EDITH ADAMS with JOHN HARTMEYER playing opposite. If rumors are true BETTY OFFENBACHER will direct the new production. CAROLYN HENNING may be stage manager, and NORMA HOWARD the make-up director. Undoubtedly they will ask JEAN KIPITKE and ALICE ROLLS to design the costumes. Great productions already before the camera include such stars as MARY CAROLINE WHITACRE, JOAN PATTON, and BETTY BAILEY. DICK JOHNSTON and his orchestra made the music for a recent movie. Some well known maestros are LOREN IMES and his Philharmonics, BOB HALL and his Gym-Jammers, and DANNY MacDOWELL and his Swinging Rythmites. Song birds of the year include NANCY LANCASTER and PEARL DILCHER altos, with ELEANOR RATHBUN and FRANCES ROBISON sopranos. CHARMA SHAW and MARION DAVIS both play the organ — proof of its popularity. BETTY SNOOTS and ELSIE WILSON enhance the organ music with their vocal arrangements. DARWIN DICKINSON, a violinist of great renown, is with the Metropolitan Opera Orchestra. DOROTHY SCHENK has just composed a new dance number which JOY BOLNER and her Tapping Trio will interpret with ART JOSEPH'S Orchestra providing the music. RUFUS WHITTLINGER, the director of the Memorial Band, wants us to announce that his trumpeteers, CHARLES LEWIS and JACK HUFFORD, will demonstrate their triple-tonguing at their next concert which will be held in the new bandstand and designated by DON JENKINS. It was built by VICTOR ACKLEY, and is a new type of bandstand. The interior was decorated by

VIVIAN HARTMAN who is noted for her mural paintings. MAXINE THORNTON has just finished a panorama of Utopia. In a New York Museum the sculptural works of VERA SPINKS have been placed on exhibition. MILDRED DENNY won a medal for her achievements on a modernistic design. ELIZABETH BAILEY has recently painted a portrait of BEULA KLINEHOFFER. GERALDINE SHRIGLEY has had her works hung in the Columbus Art Museum. If you want a good photograph of yourself or your friend just call on DICK TAYLOR and JACK COHEN, Inc. They will be glad to serve you.

I will now switch the microphone over to the next speaker who will show you how efficiently publicity serves us.

This is your publicity and exploration announcer giving you the latest news concerning the students of the 1941 class who entered the two great fields of exploration and publicity.

MARY ELIZABETH BROWN and NINA McGRATH are drawing cartoons for Collier's.

In Hollywood as publicity agents for various movie stars such as GERALDINE ADAMS, JEAN BARNETT, EILEEN BATES, we find DOROTHY NOLAN, ERMA BUTLER, MARGARET SCHULTHEIS, and DOROTHEA DOUGLAS.

Four of the most lovely models in the country, now modeling exclusively for Mademoiselle are LILLIAN BATES, FERN McGLE, ESTELLA RISEN, BETTY SWAIN.

MARTHA JANE SCOTT, in her latest publicity stunt, has just gone to India with her staff. CECELIA SCHERVISH, VERNA RANGER and ace photographer, JEAN-NETTA FERRELL.

JEAN BRIDWELL, now busily engaged as the singing star for the number one dance band of the nation, DOROTHY DICKSON'S Jive Five is scoring tremendous success.

GERALDINE BROUGHTON, COLLEEN McNEAL, BETTY PATTERSON, ISEBEL REED, EVELYN RUSH, HELEN SMITH, and DOROTHY HUTCHE-

SON are copy writers for the Wrigley Chewing Gum Company.

In Africa on their third trip into the interior, we find MARY SMITH, BETTY JEAN KOSKA, MAXINE CHRISTY, and VERA BEDNARCZUK, still looking for Doctor Livingstone, I presume!

VIRGINIA KOKENSPARGER, ANNA LOUISE ROSE, EVELYN FINLEY, BETTY JANE CORBETT, DOROTHY FULKERSON, are demonstrating the most up-to-date electrical appliances for the home.

Housewives now using Ivory Soap products are GENEVA COOK, EVELYN TATE, HAZEL MAE TURNER, RUTH URBAN, ALMA WOLFE, JEAN WILLIAMSON, and IDA VAN ORSDALE.

Advertising in today's paper for Help Wanted, we have LUCILLE HAVENS, SUE HERT, FRANCES HOOPER, LILLIAN MATTOX and ELEANOR SCHEFFLER.

Dressed in the traditional clever costumes passing out free samples of gum as advertising for Beechnut Gum, I saw BETTY MILLER, ELIZABETH SPIKER, DOROTHY MONTGOMERY, MARTHA STENGFR, AMELIA MOROSCO, and MARGARET KFH.

Having gone through this field completely and having found that there are no more of our fair class who have entered into it, we give you the field of government where I am sure we shall find some rare entertainment.

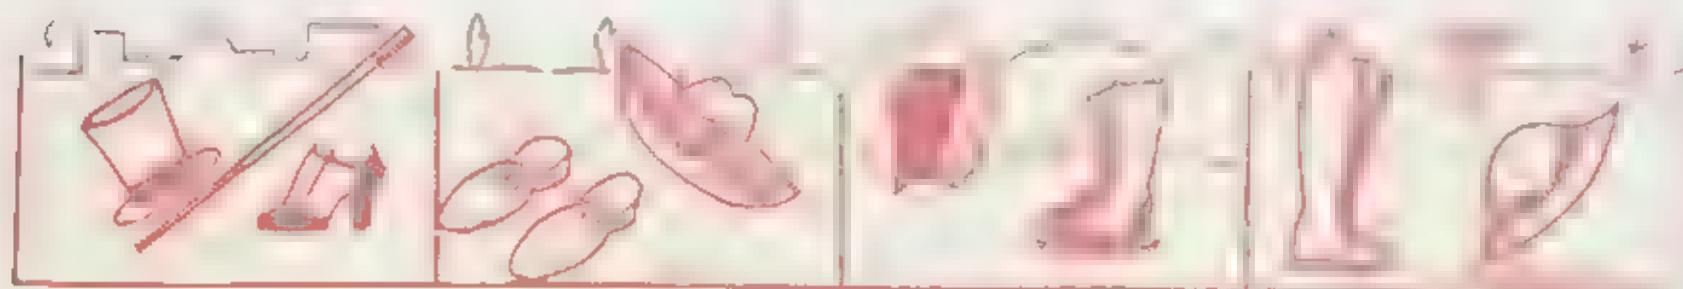

We are happy to announce that due to the many improvements in Zanesville, it has become the nearly perfect city. As a reward we wish to bestow upon her the name of "City Glorious".

Newly elected mayor of "City Glorious", RAY BAKER, already shows great promise. KENNETH ROBERTS, a member of the Board of Education, has just proposed a bill to add a swimming pool to the high school. District Attorney, HAMILTON PORTER, has gained much recognition in the case of

BETTY HAYNES vs. LAVANDA DUNMEAD. Postmaster of "City Glorious" is DAYLE DICKINSON, while RICHARD GLASS and ROBERT GOELZ are mail carriers. Census taker HARLEY STARCHER is now very busy. The mayor has just appointed a committee to find a way to build parking lots for the numerous airplanes that are rapidly replacing cars. This committee is composed of MARJORIE GREEN, FAYE MURRAY, RICHARD GIBSON, BONNIE BATES, and DONALD MERCER. Keeping vigil over "City Glorious" to see that no robberies are committed are police chief HUGH DYSINGER and his staff which includes 1941 graduates, RICHARD GORLEY and HARRY HARLAN. Game warden is ELIZABETH ANN CARSON. A contract for the construction of the Civic Building has been given to HARRY TAYLOR by city council members, ELAINE WISE, FLORENE WILKINS, LEWIS ERNEST, RAY McGRATH, and BOB WARNE. Firemen FRANK TRESNERIDER and WALTER WARD are the heroes of many fires. Recently appointed sewer inspector is CARL WINDON.

While browsing in the files at the court house, we found some very interesting incidents concerning several 1941 graduates. POLLY ANN TOM, Hall, Kappes, Scott, Geladus is on her way to Reno for her fourth divorce in two years. MARY J. MORRISON Walker has just had her second set of quadruplets: Jacqueline, Jacques, Jack, and Jock. GORDON GIFFORD decided to take Mr. Huntsinger's advice and be a "Country Gentleman", with his "Woman's Home Companion".

Turning to state news, we find that the governor has appointed a committee which includes Secretary of Agriculture, CONNIE GATES, to experiment and to try to find a substitute for grass. MARJORIE HANES has just returned to her home after serving a session on the Federal Grand Jury. Director of Education WILLIAM PICKRELL announces the addition of another year of compulsory school train-

ing to that of the twelve years. Undistinguished, but very valuable are secretaries in the State House. DORIS HEIM, DORIS ADAMS, and VIVIAN DARINGER. GENEVIEVE DICKEY is working in the license bureau at the state capitol. W. P. A. director JOSEPH MILES and State Highway Director EDWARD HOLLINGSWORTH are vacationing together in Big Bear Mountain. ALLEN McKELVEY is an inspector in the workshop at Mansfield Reformatory.

The first thing that greets our eyes in the news at the capitol in Washington is that Foreign Minister to Peru DICK WARD is soon to be recalled. G Man HAROLD PENN, who recently received national fame in his brilliant solving of the ENID BROOKS kidnapping, is now right-hand man to J. Edgar Hoover. Leaders in the World Peace Movement are VIRGINIA and VIVIAN SCHNEIDER. A series of debates is being given by Senators JEAN SMITH and RUTH LANG, on the question — Resolves: Should airplanes pass on the right or left of each other. Governor to Little America is DICK SAVAGE. LEONARD LEMON is now one of President Roosevelt's twenty five confidential secretaries. The president has just begun his fifth term. A page in the House of Representatives is TOM PETERS. STANLEY WILLIAMS is chaplain at C. C. C. camp Number 4, where BILL WRIGHT is also stationed. U. S. agent RALPH SWANK is now on the Indian Reservation in South Dakota. The president has just appointed BOB LUMAN, as official dog catcher. GORDON LEMON has been named to finish the work of Gutzon Borglum in the Rushmore Memorial. A guard of the gold reserve at Fort Knox is MARVIN GROSSMAN. BOB STRAKER is an instructor at West Point. Assistant pilot on the Transatlantic air route between N. Y. and Lisbon is KENNETH LASURE.

And now, ladies and gentlemen, having thoroughly exhausted the governmental occupations of 1941 graduates, we bring you our

next speaker with news from the industrial world.

In the local situation EARL HUPP is president of the First National Bank. Speaking of banks, EDGAR JOHNS is making quite a name for himself at the Citizens National.

Following first ambitions are DICK GERMAN, DON PAXTON, and DALE BARNES, construction engineers on our new Y bridge which is swiftly nearing completion. Materials for the bridge are being supplied by the Muskingum Supply Co., organized by JOHN LEAS and BOB LINDIMORE soon after they graduated. Acting secretaries to these two prominent men are JACKIE KOCKER and RUTH FEASTER.

The law firm of FULLER, CLOSE, and WHITE, representing NICOLAS Enterprises, is now actively engaged in a court battle with the McCLURE and MADDOX Theatrical Productions Company.

GERALD MOORE is a foreman at the American Rolling Mill Company. Among those men working for him are his old classmates SAM KOPCHAK, JOE JONES, BILL RULAND and ART HALL.

Other employees at this great steel plant are DEMERY SMITH, Plant Supervisor; BONNIE BROWN, Personal Manager; JEAN ZINK, Head Bookkeeper, and ROBERT WIGGINS, who is General Secretary. Two special nurses on duty at Armco are RUTH SCHMID and RUTH MINSHALL.

BERNICE EPPIEY became our local heroine when she invented a device which eliminated all the unnecessary smoke usually covering the town.

In other parts of the nation we find many old friends actively engaged in the various fields of industry and transportation.

BETTY OSBORNE is secretary to the president of the Pennsylvania R. R., MR. ROBERT SWAIN. On his board of directors we see the familiar faces of DON WALTMAN, ELSIE SCOTT, and THELMA KUHN.

The latest addition to the R. R. industry is the "crack" MARTT Special, named for its designer, EDDIE MARTT.

Holding executive positions in the Ford Motor Company are DON SLACK and PRISCILLA KENT. In the research laboratory MARY LOUISE RAIT and GEORGETTA RUCKER are investigating for further uses of radium.

On the Pacific coast JOE KINCADE, BOB THOMPSON and RALPH SWANK recently graduates from Aeronautical School are designers at the Lockheed Aircraft Company in Los Angeles. GENE RIEHL and ED TILLMAN are test pilots for the company. JACK WOOD, CLIFF MOHLER, JACK WATERS, and BILL McCLOUD are mechanics.

At nearby Hollywood MARY C. MORRISON is a production manager. CAROLYN SMITH and DOROTHY STEVENS are copy girls. JOY SLY and JUNE WESTIN

BARGER are experienced senario writers.

DON HIGGINBOTHAM is now serving on the U. S. S. Enterprise. WESTLIN BERGER has returned to the Marines and is stationed in Shanghai.

In New York City STAN ALLEN is Editor in Chief of the New York Herald Tribune. BOB PFLEIGER and LEONARD FISHER are foreign correspondents in Berlin and in London.

As we bring to a close another in our series of annual broadcasts, we wish to remind you that this friendly program was brought to you through the courtesy of Station Strive, Seek and Find incorporated by BETTY McBLENNY HUMPHREYS SARAH JOHNSON, JOEL COHEN, CHARLES STRAUENITZER and BOB FORKER.

We now return you to the main studios of Station Strive, Seek and Find

Thank You.

Miss Helen Arnold, Advisor.

CLASS WILL

We, the Senior Class of 1941, of Lash High School, being of full age and of sound and disposing mind and memory, so we think, do make, publish and declare this to be our Last Will and Testament.

ITEM I

To the middle-brained, dim-witted, childish, insignificant little Juniors, we say "We hope you can achieve at least one-tenth the success your heaven-born predecessors achieved". To anyone interested we let you know we think we are the most intelligent, the hardest working, the best looking, and the best behaved class ever to graduate. Nothing is too good for us.

To assist you in this achievement we leave you the following suggestions which we have so admirably practiced in attaining our dignity.

1. Arrange to have all formal dances close at 9:30 o'clock. This allows more time for "you know what".
2. Study hard for at least four hours each day, so that you may be the second most brilliant class to graduate in the new auditorium. We are the first.
3. Never loaf in study halls. Follow our example.
4. Address your teachers with respect and honor them, for after all they are just like great-grandmothers to us.
5. Always get your book reports in on time. The senior English teachers are a little touchy.

Do as we have done and success will be yours without a doubt.

ITEM II

We are proud to leave our hard earned memorial and justly so. We hope our successors enjoy and benefit from it as much as we have those left to us

ITEM III

To the Junior boys we express our sincere regret that all of the beautiful girls are graduating. By the way, Junior girls, what will you do with all of us handsome boys gone? But this is just another problem that faces the younger generation.

ITEM IV

To the High School we bequeath the following:

To Room 14 we leave some bars on the windows. This is just to give the place a natural atmosphere.

We leave a better lighting system. Too many students are in the dark.

We leave an escalator to the third floor so Mr. Himes' poor victims will not be so tired that they can't put up a good battle.

We leave a couple of fire escapes because it isn't any fun to elope out the front door.

ITEM V

To the various departments we bequeath the following:

To the biology department we leave juicier and bloodier worms.

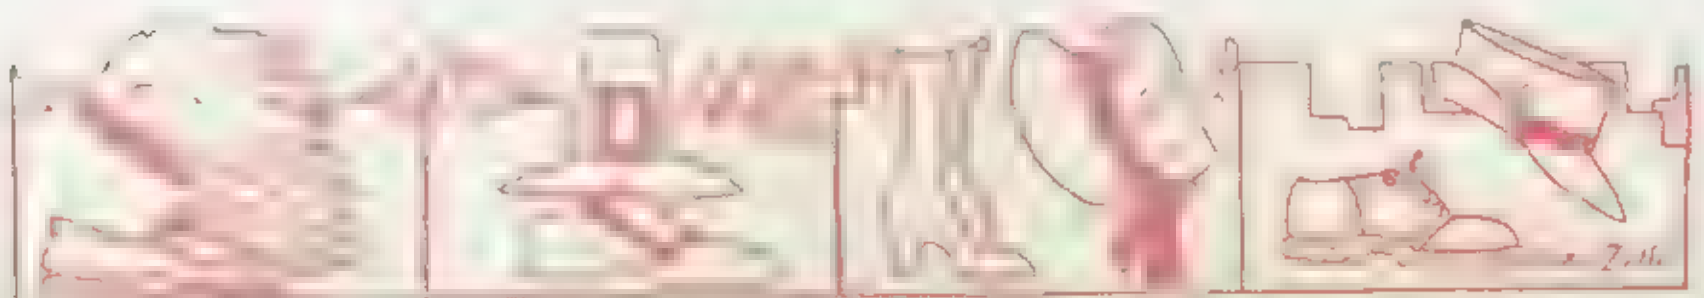

To the chemistry department we leave a bomb proof shelter and a few gas masks

To the physics department we leave some magnets which will attract girls and not iron.

To the home economics department we leave some Drest so those dainty little hands won't become rough and chapped.

To the library we leave 1,000 funny books and the Police Gazette.

To the history department we leave Jack Walker's little book with telephone numbers, just in case they have to get some dates in a hurry.

Connie Heck will leave the sophomores alone.

Mary Morrison leaves the following advice.
Jack Walker is a strong man. He got away.

Elaine Wise leaves her gullibility to Beverly Morrison

Bond Little leaves her gullibility to the sea birds.

To the following class presidents Ed Martt leaves a cigar 'till we find one tough enough to smoke it.

Audrey West leaves with memories of putting up a good fight for one so Young

I leave a special bomb used in the ocean. I always wanted to leave something all mine

IN WITNESS WHEREOF, I have hereunto set my hand at Zanesville, Ohio, this fifth day of June, Nineteen Hundred Forty One.

The Class of 1941

Gordon Gifford

Miss Wurdack, Advisor

CLASS POEM

It is a school of brick and wood that holds within its clutch
 The lives of many boys and girls who travel through its halls
 And later when they all come back and sense again the touch
 Of books, of desks, and thoughts of happenings long ago, there falls
 Upon their minds and hearts a longing sharply mixed with pain
 Which brings again the merry moments spent within its walls.
 Our school goes winging to its course like some great flying plane,
 Where victory like a shining goal for many students calls

A hop, a jump and here we are up to the last of school
 Our mothers, fathers, cousins, aunts have come to watch us leave
 We feel the anxious parents' wish that we keep calm and cool,
 As chests go down from loss of breath with full and mighty heave
 For now that daughter, son, or kin has proved his worth to all
 They too can have a placid smile which will reflect content
 And so it goes, Commencement Day without a break or flaw,
 As forth we go to fight the battle with the world's consent

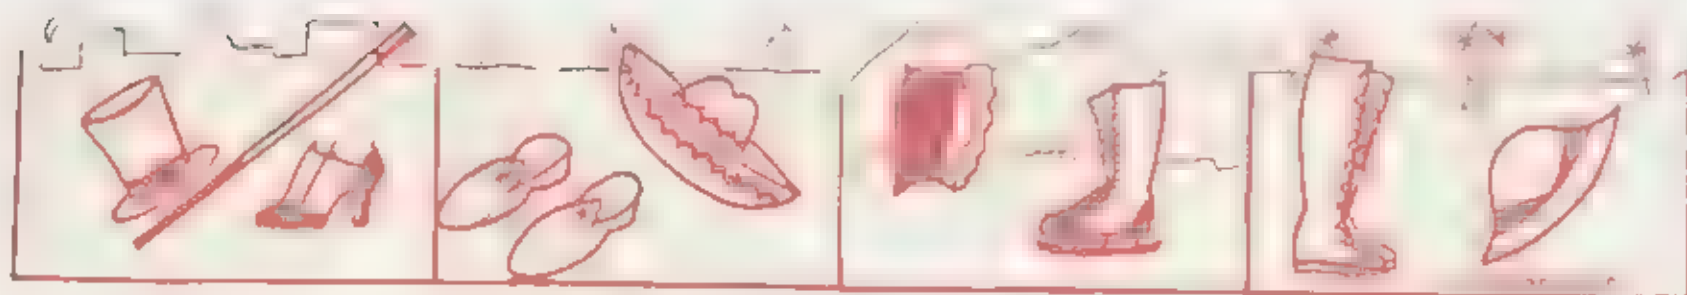

No longer shall we have to bring our lessons in on time
 No longer shall we have to do minute unpleasant tasks,
 And teachers cannot punish us for writing little rymes,
 About the many, many questions they will always ask
 And since the time has come for us to go on our own way,
 The teachers breathe a deep long breath, and think again the thought,
 Perhaps the class to follow this will not be quite so gay
 In vain they dream this hopeless dream which they have all long sought

To leave our school is like departing from a faithful friend
 Whom we have known through many days, some long, some short
 Our hearts will linger with the school until we turn the bend,
 And reach the shore where life begins for those who left the port.
 The sound and beat of rushing feet that scramble cross the floor,
 Will never dim throughout the days in ever listening ears.
 A boy or girl will build his dreams as in the days of yore,
 Beneath the watching eyes that have protected him from fears.

Begin your hectic life the way you want the end to be.
 For then and only then complete contentment will suffice
 A tiny sapling grows into a mammoth branching tree,
 Which gives us shade and comfort, yet it has no fearful price.
 The same is life and so it will remain, for those who try
 To show a kindly smile for all will have a friendship sealed
 No shadows will eclipse the sunshine of deep blue sky
 For all who try "to strive, to seek, to find, and not to yield"

Juanita Church

Mr. Norris Schneider, Faculty Advisor

CLASS SONG

The halls of old Lash Hi School
 Will echo thru the years—
 With mem'ries of our classmates,
 Those mem'ries we hold dear,
 Our scholars and our athletes
 Have set a brand new high
 And when we think of leaving
 We can't hold back a sigh—

CHORUS

Farewell to thee our high school,
 Farewell old blue and white,
 Drive on, you underclassmen
 And don't give up the fight.
 To you we leave the honor and
 The right to carry on—
 And 'twill be a task to equal
 The Class of Forty-One

—John Hartmeyer

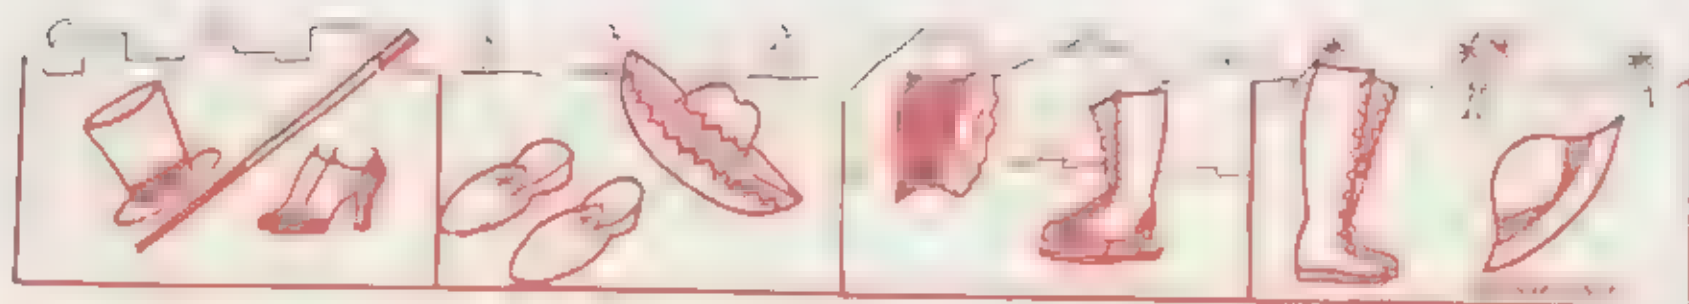

Miss Grace Fanton, Advisor

Clubs

D. O. Z.

PresidentBond Little
Vice Pres	Lois Dozer
Secretary	Florence Wilkins
Treasurer	Marian Heim

The purpose of the Daughters of Zeus Club is the study of mythology, art, literature, and other cultural subjects. It was organized in 1927.

The Club is composed of sixteen senior girls, eight juniors, and the faculty advisor.

At the beginning of each school year the eight remaining girls elect eight junior and eight senior girls. They are initiated into the club and given their Greek names at a beautiful and impressive candlelight ceremony

around the statue of Minerva. A girl must have completed two years of Latin, and be approved by a three-fourths vote of the club. Meetings are held every two weeks on Monday afternoons at three o'clock in the lounge of the Y. W. C. A.

During the year the D. O. Z. Club contributes to civic projects, aids the needy, and helps in other activities of the school. Social functions including the annual Thanksgiving Dance, Valentine Dance, Easter Breakfast, Alumnae Party, and Senior Farewell.

Miss Josephine Luby, before her marriage, was the faculty advisor. Miss Grace Kaplan has very capably served in that capacity the remainder of the year.

Hi-Y

President.....	Harry Hein
Vice Pres	..Bob Ford
Secretary	Bob Forker
Treasurer.....	Dick Taylor

The purpose of the Hi Y Club is to create, maintain and extend throughout the school and community high standards of Christian Character. The slogan of the club is "Clean athletics, Clean speech, Clean scholarship and Clean living."

Applicants for membership to the Hi Y Club are admitted on scholastic achievement, character, and ability. Each prospective member must have a personal interview with either Mr. Samuell, Mr. Cleary, Mr. Ray, or Mr. Killinger. Some of the worthy and beneficial projects sponsored by Hi Y this year were "Find Yourself Campaign", the "poor kiddies" party, Bible readings, and chapel service.

The club had a total membership of 88 this year.

FELLOWSHIP

The Lash Fellowship Club was organized four years ago by eleven Junior boys who wanted to create a better feeling of fellowship among the boys at school. Members are chosen by a vote of the club, and meetings are held twice monthly at the Y. M. C. A.

During the year the social activities consist of stag parties, one formal dance, the annual Hick Hop, a skating party and a Junior Senior banquet.

Officers are elected twice a year, at the beginning of each semester. First semester officers: President, Loren Ines; Vice Pres., William Thornton; Secretary, Don F. Roach; Treasurer, Harry Taylor. Second semester officers: President, William Ziemer; Vice Pres., Dick Wine; Secretary, Ernest Martt; Treasurer, Leonard Fisher. Faculty Advisor, George Schooley.

FRIENDSHIP CLUB

President	Frances Bradley
Vice Pres..	Joan Patton
Sec.-Treas...	Jessie Keyser

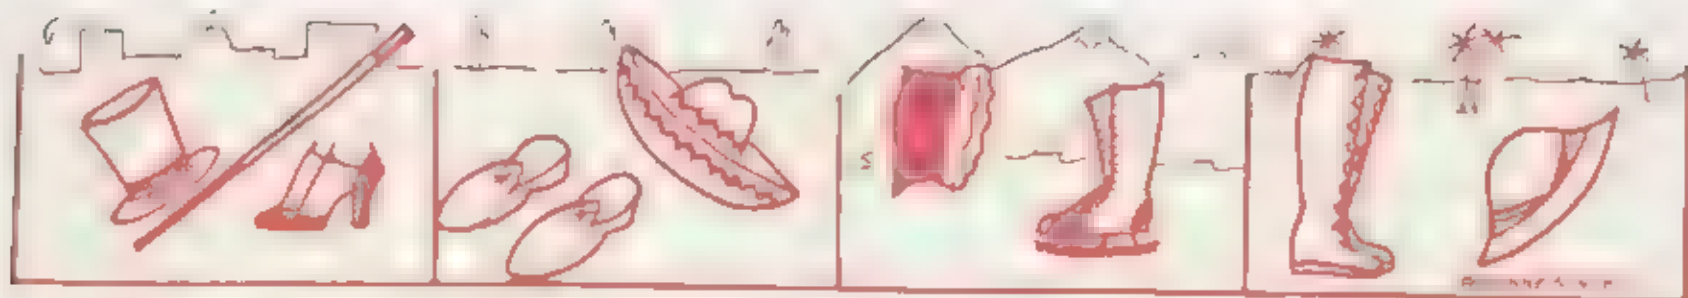

One of the service clubs of Lash High School is the Friendship Club which is composed of senior girls chosen by Mrs. Harvey, Dean of Girls.

The members of this club have demonstrated

during their sophomore and junior years that they appreciate the opportunities offered by their school, and that they have the capacity for unselfish friendships.

This club welcomes the girls as they enter high school for the first time and helps them to make adjustments to their new school environment. It stands ready to serve the school at any time.

COMUS STAFF

Each year a Comus Staff is chosen by the faculty on the basis of initiative, leadership, scholarship and ability. These pupils, under the able direction of Mr. Thompson, are responsible for the outcome of the annual year book, Comus. Activities are financed through the efforts of the staff in soliciting advertise-

ments, selling subscriptions and sponsoring assemblies. The contents are originally composed by the students. This year's members were: Mary Morrison, Gordon Lemmon, Ann Humphries, Edward Martt, Pollyann Tom, Linest Martt, Connie Heck, Bob Forker, Elaine Wise, Gordon Gifford, Bond Little, Geraldine Spencer, Doris Heim, and Audrey West.

LIBRARIANS CLUB

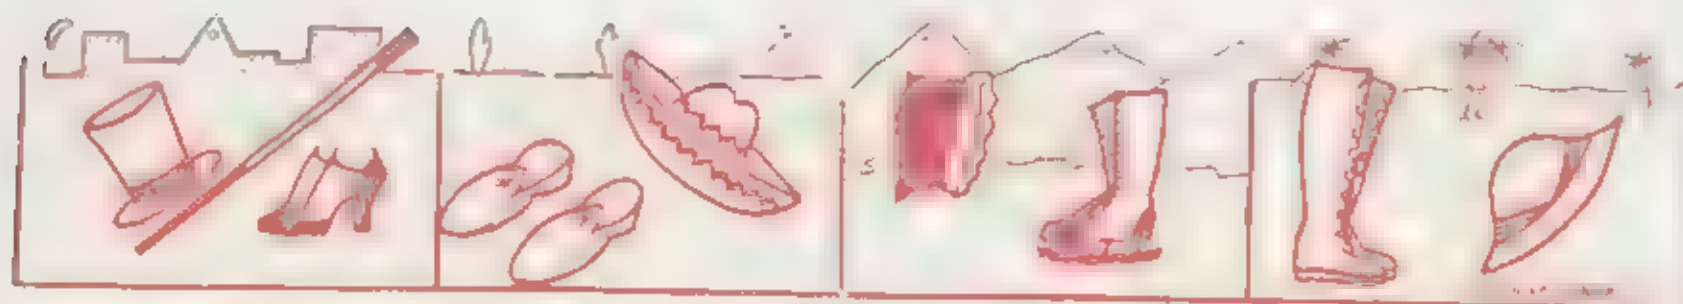

President	Elaine Wise
Vice Pres.	Leatrice Cooper
Secretary..	Marilyn Harris
Treasurer	Betty Bailey
Faculty Advisor.....	Helen Anne Fox

The purpose of the Librarians Club is to serve the students and faculty of Lash High School by working in the library and also to give the members experience in this type of work. Meetings are held every two weeks on Monday nights in the Y. W. C. A. lounge.

The qualifications for membership are as follows: A girl must be a junior or senior and have a two-point average. She is rated by the club members and faculty on dependability, initiative, and willingness to work. The final decision rests with the librarian.

A fall get-together, a Christmas party and Senior Farewell are held for the pleasure of the members. An alumnae tea, a fall sport dance, and a spring formal were also given.

This year there were 20 members: 17 seniors and 12 juniors.

THE M AND A CLUB

President.....Mary Eileen Queen
 Vice Pres.....Juanita Church
 Sec.-Treas.....Marian Davis

The M and A Club was organized in 1939 under the advisorship of Miss Grace Fanton and Miss Charlotte Curtis. This is a music club organized for those girls who enjoy singing.

The letters M and A stand for the words Marsyas and Apollo. This club met every Tuesday, the ninth period, in room 21.

During the year the club had several social affairs and took part in numerous radio programs.

This year Miss Fanton was assisted by Miss Vivian Yoder.

S. O. L. O. S. CLUB

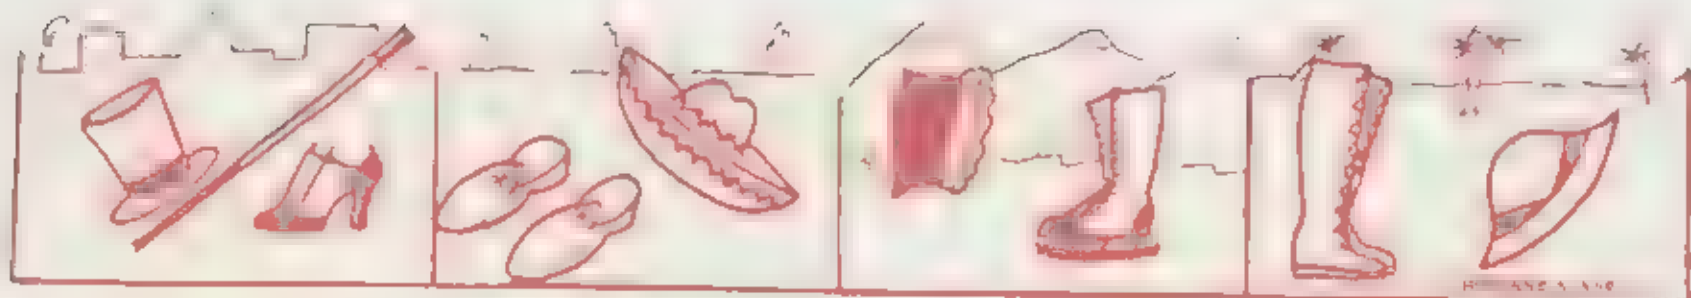

President.....Betty McBee
 Vice Pres.....Juanita Church
 Secretary.....Betty Snoots

In 1939, the S. O. L. O. S. Club was organized for girls interested in solo work.

The members are selected by Miss Grace Fanton, music instructor, and the membership is limited to twenty girls.

Meetings are held every other Thursday, the ninth period.

THE ARTS AND CRAFTS CLUB

President	Tom Barnes
Vice Pres.....	Marian Ward
Secretary	Paul Anderson
Treasurer.....	Jim Hartman

The Arts and Crafts Club was organized in 1937 in order to give students a chance to do creative work. There is a closed membership of fifteen girls and fifteen boys, any vacancies

being filled from a waiting list. The club meets once a week in the art room under the direction of Miss Beulah Thompson, Art Instructor.

The Arts and Crafts Club entertained twice this year. A Christmas party was held in the art room for members and invited guests, also a swimming party was enjoyed at the Y. M. C. A. The annual art exhibit is sponsored by this club.

MONITORS

Although this group does not have officers their system requires Monitor Captains for each period. This year the Monitor captains were as follows:

First period—Geraldine Shrigley
 Second period—Bonnie Dozer
 Third period—Madeline Buffington
 Fourth period—Thelma Mayo.
 Fifth period—Frances Robinson
 Sixth period—Bonnie Bates
 Seventh period—Lois Dozer
 Eighth period—Bob Ford
 Advisor—Mr. Elgan Strong.

The Monitors make up one of the most active clubs in the high school. Unlike other groups, these people must be on duty every day; indeed, every period. Each period there are Monitors on duty at various stations throughout the halls to prevent skipping, give ready assistance, and keep order and quiet.

They have perfected a system for themselves which has proven to be very successful. The Monitor captains for each period must be certain that there is a fellow Monitor at each post. The Monitors began three years ago and Mr. Strong has been their willing advisor since that time.

ATHLETIC STAFF

This staff was organized in 1956 for the purpose of aiding Mr. Rolland Buxton, Faculty Manager of Athletics, in his various jobs concerning the different sports that are played throughout the school year.

Their work is divided as follows: obtaining information about opponents, charge of ticket

sales, charge of all concessions at the games, cooperation with the sports editions of the local newspapers, advertising the games, corresponding with other schools, and raising money for the various athletic funds.

In the few years that this staff has been organized it has proven to be very worth while.

G. A. A.

President.....Erma Crotzer
Secretary.....Jessie Keyser

The Girls Athletic Aides is an honorary physical education group. To be eligible for membership a girl must have a "B" average and must qualify in sportsmanship and leadership. Girls eligible are elected to the club by the the gym and dancing classes.

The membership consists of five seniors, four juniors, three sophomores, and two freshmen.

Business meetings are held the first Monday

in every month. Also social meetings are enjoyed throughout the year.

The purpose of this club is to develop a spirit of sportsmanship and interest among the girls taking gym or dancing. The girls also help Miss Guthrie, the faculty advisor, in her classes and in many other ways throughout the year.

For the first time in the history of G. A. A. at Lash High, the girls voted for pins. Those chosen were the winged foot of mercury with letters G. A. A.

SENIOR GLEE CLUB

The Senior Glee Club was formed in 1916 under the able direction of Mr. C. Lee Hetzler. It originally included sophomores, juniors, and seniors, but due to the large size it was divided into two distinct groups: the Senior-Junior Glee Club and the Sophomore Glee Club.

During Mr. Hetzler's leadership the glee club gave many operettas and musicals which were very successful and for years received

"superior" rating at the Music Festivals held at New Concord.

In the autumn of 1937 Miss Grace M. Fenton took charge of the glee club as a substitute director, and, at the death of Mr. Hetzler in December of the same year, took full charge.

At the present time the glee club meets every day the fourth period, and is made up of sixty-six voices.

SOPHOMORE GLEE CLUB

The Sophomore Glee Club meets the second period on Monday, Wednesday, and Friday.

It is made up entirely of sophomores, and during the year they are divided into their respective groups and taught to sing parts in

preparation for the Senior Glee Club.

The sophomores, who are to be in the Senior Glee Club next year, are chosen by Miss Fenton according to their musical ability and willingness to work.

HONOR TYPISTS

This year there are only nine senior typists who have won recognition as honor typists. An increase of ten words per minute over last year's record was achieved by two of the nine girls.

The qualifications for honor typists are:

Words	Errors
10-11	0
15-40	3
50-54	5
55 up	7

Those making Honor Typist and their speeds are:

Audrey West	45.5
Betty McBee	61.7
Mary Queen	55.1
Jean Schulze	55.2
Mary Whitacre	57.1
Doris Heim	40.5
Pollyann Tom	47.3
Frances Hooper	45.2
Marjorie Factor	45.2

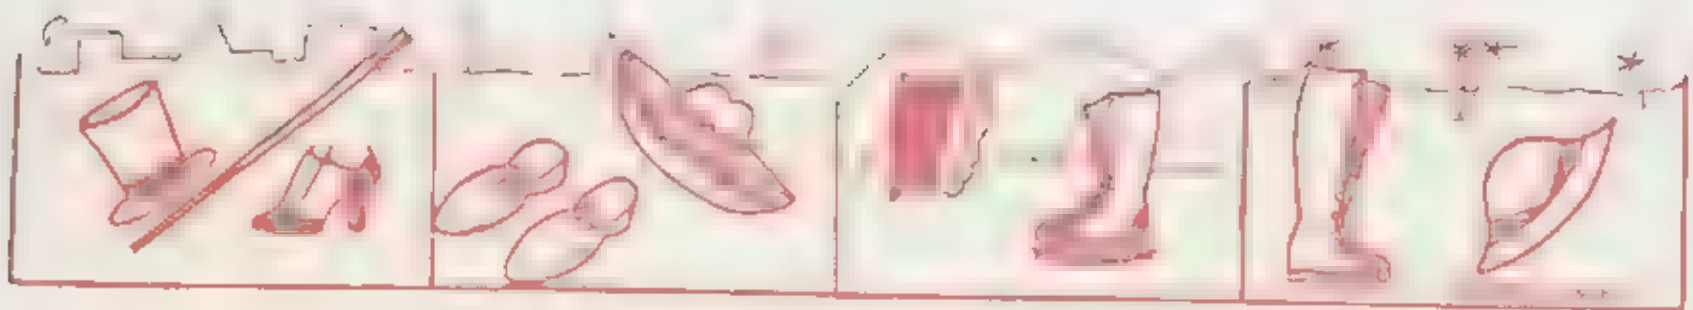

HONOR SOCIETY

Students in the upper third of the senior class are eligible for the Honor Society. They are chosen by the teachers on the basis of scholastic standing, leadership, character, and service.

Membership in the Honor Society is a goal which all seniors hope to attain. It is a national organization and is recognized by colleges and other scholastic institutions throughout the country. The following seniors were successful in attaining their goal this year. Edith Adams, Frances Bradley, Juanita Church, Joseph Cohen, Leatrice Cooper and

Vivian Daringer, Marian Davis, Lois Dozer, Robert Ford, Robert Forker, Eloise Gadd, Gordon Gifford, Marjorie Hanes, Marilyn Harris, Lucille Havens, Marian Heim, Ann Humphreys, Loren Innes, Sarah Johnson, Jessie Mae Keyser, Robert King, Nancy Lancaster, Gordon Lemmon, Bond Little, Edward Martt, Ernest Martt, Betty McBee, Mary Janet Morrison, Hamilton Porter, Mary Helen Queen, Alice Rolls, Jean Schulze, Charma Shaw, Betty Snoots, Dorothy Stevens, John Swartz, Helen Towt, Audrey West, Florene Wilkins and Elaine Wise.

NEWS STAFF

The High School News published its first edition on the Sunday following the first call for a staff. The regular staff was selected a few weeks later and editors were named a few weeks thereafter. Both juniors and seniors were admitted, on an equal basis, a number of juniors winning editorial positions.

Published on Sundays in the Zanesville News, the Lash staff shares a page or more of space with St. Thomas and St. Nicholas High Schools in presenting current student news and features. Donald D. Wiseman, ZHS and Ohio

State University graduate and reporter for The News is advisor of the staff. All staff members learn to write news and features, edit copy, and write headlines, all such work being performed in the newspaper editorial office. The managing editor supervises makeup in the composing room.

James Johnston, a junior, was managing editor until February, when he moved to Indianapolis, Ind., after which time, Bob Sayre very capably handled this job for the remainder of the year.

ZANESVILLIAN STAFF

The Zanesvillian Staff, composed of twenty-four students, is the senior group that provides the school with a weekly publication of news in the Sunday-Times Signal. These students are chosen by the faculty on the basis of their scholastic standing, character, and dependability.

The Zanesvillian became a member of the National Scholastic Press Association in 1929.

In the same year it was awarded an honor rating by the association, as it was again in 1930 and in '31 under the advisorship of Mr. N. F. Schneider.

In 1933, Mr. Gallogly became the faculty advisor. When he left Lash last fall, Miss Betty Gitter took his place and is doing a very good job.

JUNIOR SPEECH CLASS

This year marked a change in the Junior Dramatic Class which is now called the Junior Speech Class. These changes took place at the beginning of the year under the direction of Miss Marie Mill.

Formerly this Junior Class was organized for the study of dramatics. This year the junior class has studied all phases of speech, including choral reading, voice production and improvement, parliamentary law, the giving of all types

of speeches, stage presence and posture, telephone speech, etc.

The classes gave a very clever choral reading play for the Thanksgiving assembly entitled "Proposal By Proxy". The junior classes also assisted the senior dramatics class in giving two Christmas assemblies, "Angels of Christmas", and "The Lost Star", and also helped to produce several other assemblies during the year. The annual junior class play was given in April.

SENIOR DRAMATICS

The Senior Dramatics Class has completed another successful and profitable year under the direction of Miss Marie Mill. Both the director and students are to be congratulated for the excellent entertainment which they have provided the school and public during the past year.

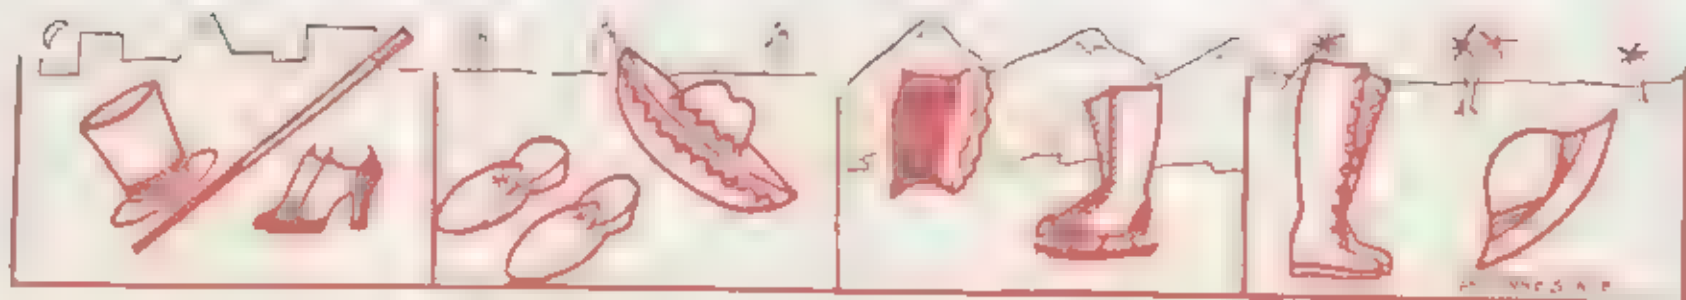

The classes met the seventh period in the school auditorium. Besides the presentation of the plays, the students have studied three phases of dramatics: appreciation, interpretation, and production.

The members are as follows: Edith Adams, June Allen, Mary Jane Brannon, Betty Bailey, Bernice Eppley, John Fell, Marjorie Green, Lillian Mattox, Bill Nessline, Joan Patton, Bob Shaw, Bob Swain, Elaine Wise, Mary Whitacre and John Hartmeyer.

This class has presented: "The Lost Star", a Christmas assembly, assisted by the junior speech class. "The Night Was Dark," the annual senior class play, given on February 21.

The students also took part in several assemblies during the year.

PHOTOGRAPHY CLUB

Among the various clubs which were organized during this school year was the Photography Club. This club was organized last December by the present advisor, Mr. Norris Schneider.

The club met bi monthly on Tuesday, the ninth period. From the programs given at these meetings the members were able to learn more about photography.

The purpose of this organization is not only to acquaint its members with the facts concerning the taking of pictures but also to learn about developing and printing pictures.

The club's membership numbers 20. The officers of 1940-1941 were Jack Cohen, president; Helen Smith, vice president; Bonnie Bates, secretary, and Shirley Caton, program chairman.

AVIATION

Jack Clark

Flight Commander

Ralph Danie.

...Officer of the Day

The Aviation Club was organized in December, 1940, under the supervision of Mr. Cul-

bert Graham. After Mr. Graham went to Texas, Mr. James Giffin took charge.

The purpose of this club is to study the theory of flight, progressing to the mechanics of construction.

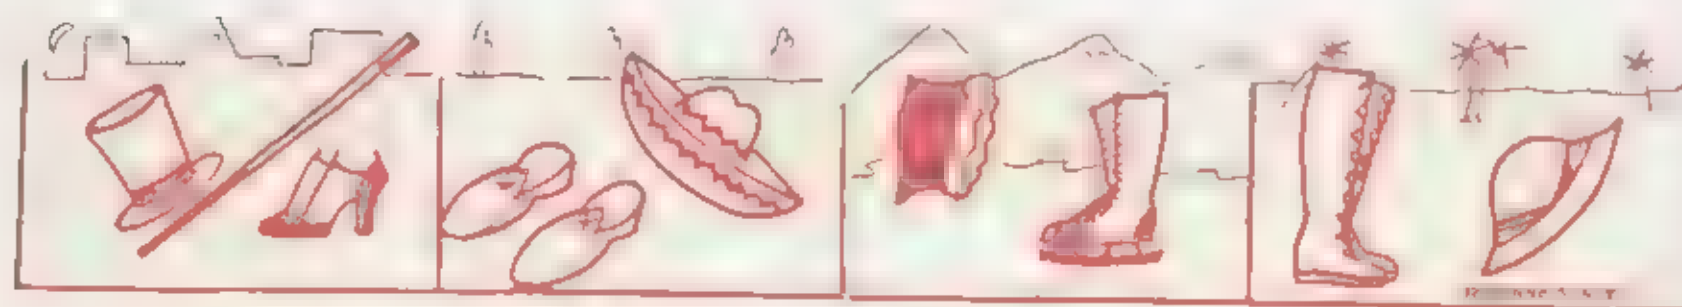

ENGINEER'S CLUB

The Engineers Club was organized in the latter part of 1940 for the purpose of exploring the various fields of engineering. The members hear prominent engineers and visit Zanesville's factories.

The boys chose Mr. Miracle for their advisor. Joe Cohen and Jim Guyer were elected president and vice president, respectively, with John

Swartz as program chairman. The club has no constitution or definite membership, since the success of the club is dependent entirely upon the interest of the members in engineering fields.

Meetings are held every two weeks at the school, and any pupil interested is always welcome to attend.

DEBATE CLASS

This has been a fairly successful season for the Blue and White debate squad. Although neither team has come through the season undefeated no student need ever be ashamed of the squad of 1941.

This year's affirmative team is composed of Jerry Zwelling and Jack Lee, the latter a sophomore. The negatives consist of Ernest Martt and Hamilton Porter, the only lettermen on the squad. Debate squads are under the direction of Coach Paul German.

The negative team has just concluded a rather

successful schedule, defeating Bealsville, Marietta, and Lancaster. A rather inexperienced judge declared the Barnesville debate a "draw", and Coshocton was declared the winner of the debate with that city in a very questionable decision. Unfortunately, the Z. H. S. negatives were unable to meet Newark this year, as the Newark debaters had concluded their season before a suitable time could be arranged.

The affirmatives have enjoyed a little more success, having defeated Barnesville, Lancaster, and Marietta, losing only to Newark.

SCIENCE CLUB

The Science Club, organized in November 1940, is one of the most recent additions to the roll of school clubs. It is the first club of its kind in the history of Lash High. Any sophomore, junior, or senior is eligible, the only qualifications being an active interest in some phase of science.

The Science Club is affiliated with the Ohio Junior Academy of Science, and as such the local group is permitted to send delegates to the spring meeting in May.

The sciences studied are chemistry, physics,

physical geography, photography and aeronautics.

Meetings are held bi monthly.

The officers are,

President.....	Ernest Martt
Vice Pres.James Brown
Sec. Treas.....	Marjorie Hanes

Aside from having club officers the club is strictly non-social. Miss Mary Wurdack, E. C. Boggs, Edwin Roe, James Giffen, James Walker, and Guilbert Graham are the faculty advisors.

1911

VARSIITY Z

President	John Fell
Vice Pres	Mike Rostek
Secretary	Gordon Gifford
Treasurer.....	Jack Stoneburner

The Varsity Z was organized by the letter men. Membership to the club is gained by earning a letter in some organized sport. The

purpose of the club is to create a feeling of comradeship between the boys of different teams. Among other activities, the boys sell programs at football and basketball games. Also during the year they enjoy social functions, many in the form of pot-luck suppers.

The club advisors are Mr. Brammer, Mr. Buxton, and Mr. Zink.

LETTER CLUB

President.....	Velma Chemma
Secretary	Lorena Walker

The Letter Club is composed of girls in after-school sports who have received a letter. Letters are obtained by earning points in the following manner: regular participation in volleyball, basketball, and baseball, 50 points; each "A" grade in gym, 25 points; and 25

points for each activity in which you took part in the gym exhibition. This year 50 points were given for bowling.

Large letters in girls' athletics are awarded for 1000 points, small letters for 600 points. If a girl can earn 1500 points, she is entitled to a ring.

These girls are enthusiastic and help the school by furthering girls' athletics.

USHERETTES

At the beginning of each year since 1935 twelve girls are selected from the senior class to act as usherettes at all school affairs.

This is an unorganized group of girls chosen by Mr. Miracle, the faculty advisor, on the basis of character, neatness, tact, and personality.

CHEERLEADERS

At the beginning of the school year the cheer and song leaders are selected for the purpose of inspiring football and basketball players to work their utmost in winning games. The cheer leaders accompanied the team to all games and did much to keep up the school spirit when in the face of defeat. The cheerleaders this year

were Midge Martin, Amanda Ford, Frank Tressewreider, Bob Sayre, and Mike Roach.

The lone song leader, Nancy Lancaster, promoted the feeling of loyalty to the school and athletic teams by leading the fans in singing school songs.

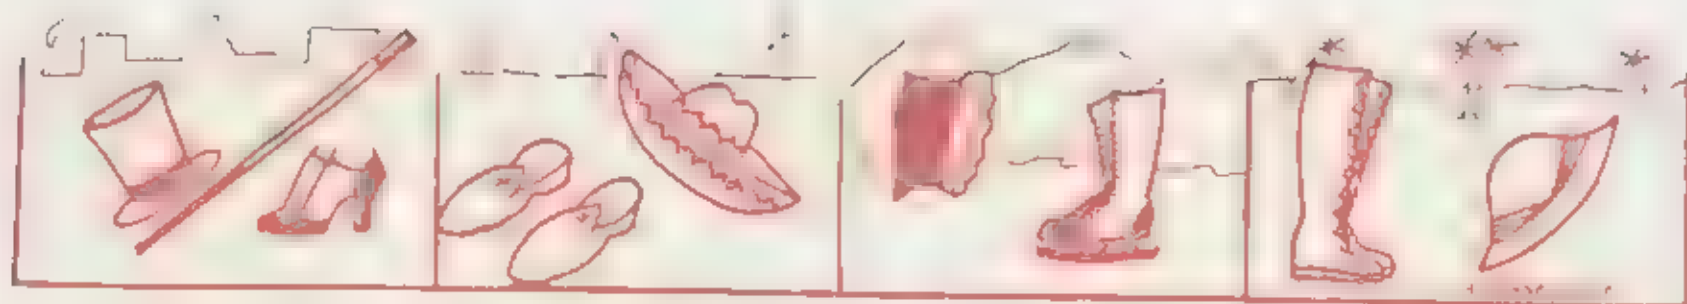

BAND

The Lash High School Band has completed its third successful year under the direction of Wayne M. Reger. Throughout the year, the band has participated in various school activities and given several concerts. In the district music festival at New Concord, Ohio, the band received a rating of "excellent".

Since Mr. Reger has been in Zanesville the

band has grown to number one hundred fourteen, the largest band in the history of Lash High. This enlargement of the high school band, along with the growth of the music department in general, has made necessary the addition of an assistant conductor, George Blaho, who has just finished his first year in that position.

THE RADIO MIKE

The Radio Staff was organized in 1936 by Miss Ruth Horn, for the purpose of teaching pupils the fundamentals of radio. In the fall of 1938 Miss Mary Elizabeth Claudy became the staff advisor.

This year each high school club gave a broadcast demonstrating its activities. These

broadcasts were supervised by members of the Staff.

The Radio Staff changed its name to Radio Mike. A new modern broadcasting studio has been constructed this year. With this addition the club really has an opportunity to be the outstanding club of the year.

S. S. OF L.

President.....Gordon Gifford
Vice Pres.Ray Baker
Sec.-TreasErma Crotzer

The Student Senate of Lash High was formed in 1938 so the school could have its own governing body. This group meets every three weeks to discuss school problems which come up throughout the year and to supervise school activities.

Members of the Student Senate are representatives elected by their classmates from each first period class. The presidents of the various school clubs are automatically members.

The Senate sponsors many activities: the clean-up campaigns, traffic rules, lost and

found campaigns and at Christmas time Christmas baskets are given to needy people.

There are seven committees which have four members and a chairman. Each of these committees do the work proposed by the constitution under the guide of an advisor. These advisors are elected by the committee itself.

The committees and chairman are as follows:
Student Aid and Attitude.....Bob King
School Properties.....Jack Tom
Safety and Health.....Betty Bailey
Social Committee.....Lois Dozer
Lost and FoundJerry Zwelling
Ushering and AssemblyBill Boggs
Traffic Committee..Bob Ford

STRING ENSEMBLE

The 1940-41 String Ensemble is composed of five very talented young musicians. These students are chosen from the orchestra by Mrs. C. Lee Hetzler on the basis of their ability. The String Ensemble meets three days a week to practice under the direction of Mrs. Hetzler. They have been called upon many times to play

for various school functions and outside organizations.

The members of the Ensemble are: Helen Cunningham, Darwin Dickinson, Rosmary Dotson, Eloise Derry, with the gifted Ed. Church at the piano.

VIOLIN ORCHESTRA

The Violin Orchestra is an impressive group of young violinists. They play for various organizations throughout the school year. Every Tuesday and Thursday there is practice under the direction of Mrs. C. Lee Hetzler.

The members are: Carol Todd, Dorothy Ruth, piano accompanists, and Helen Cunningham, Darwin Dickinson, Rosmary Dotson, Eloise Derry, John Merry, Byron Vandembark, and Bill Roberts.

IFKA

The Ifka Club is composed of sophomore, junior, and senior girls who desire to meet new friends and to be of some help to others. This club is the only one of its type in high school, in that regardless of grades, race, or color, all girls are invited to become members. At the beginning of each year every sophomore girl is given a written invitation to join the club. Shortly after invitations are issued, there is a tea honoring all sophomores.

Because the club is so large, a governing council, composed of six junior girls and eight senior girls is chosen by the officers and their faculty advisor. The faculty advisor is chosen for one year by the officers. Each girl on council is placed on a definite committee, and they in turn plan the activities which are presented by the club. These committees are: Devotional, Music, Program, Social, Art, and Publicity.

Each year the club has several projects. Some of the many projects it undertakes are, the cooperation each year of Hi-Y and Ifka to make the "Find Yourself" a success. This year Dr. Slutz from Dayton was obtained to assist the high school boys and girls concerning their further educations, life work, and ideals. This past summer the club sent two girls to the Y. W. C. A. camp for a period of one week. Also furnished transportation to and from the camp.

For nearly two months, a group of girls reported weekly to the Y. W. C. A. on Saturday afternoons to make Red Cross dolls, which were sold, enabling Ifka to earn money to donate to the Red Cross.

Every year Ifka donates from its treasury to the Community Chest.

This spring four senior girls will receive complete wardrobes which are necessary for graduation exercises.

Athletics

IN MEMORIAM

Henry (Harry) Craig Orr, 36 year old member of the city board of education died March 14, 1941. Mr. Orr was born in Zanesville, he spent his entire life in this city and was widely known.

A graduate of the local public schools, he later attended Kenyon College and Ohio State University.

Deeply interested in education he had been a member of the local school board for a number of years. Last year he was named clerk. Serving in name only, he relet the post to Harry Heskett, who had served as clerk for many years.

Mr. Orr has played an important part in the promotion of athletics at Zanesville High School, being an ardent follower of the school's teams. He was liked and admired by every student and teacher in Lash High School.

BRAMMER

Mr. Brammer is a well proportioned, six-foot-one man whose emotions change in cycles. Before a game his face is set in a fashion of hardness and determination. But after a game —my the change. A sunny smile, a loud voice, and innumerable "jokes."

This year, with much to do, he resigned as head basketball coach, and now acts as assistant coach. But Brammer is still the football coach who "will sleep on a rail all winter if you'll jes' win that C. O. L." Mr. Brammer's teams have topped the C. O. L. three times in the last seven years, and will do it again.

ZINK

Mr. Zink made his first appearance at East as head basketball and assistant football coach. Not much was known about Mr. Zink when he came except that he was an outstanding athlete at Muskingum. From the beginning the boys took to Coach Zink. He had the knack of making the boys work for him. Not once did he conduct himself other than that of a gentleman. How could he help but having a successful team which got to the State Tournament. The boys, not only enjoyed Bill as a coach, but as a man. Next year we hope you make your bid for the top team in Ohio.

KAPPEL

EDWARDS

Five Wins, Four Losses

KUSMAUL

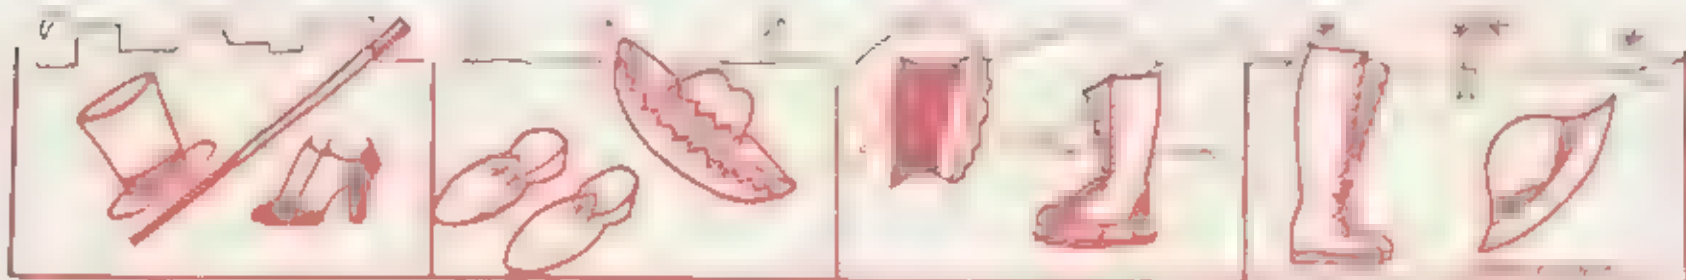

HARRIS

POLLOCK

BARNHART

1941

BIGGEST DEVILS

Although the following opinions are complimentary, football players are not necessarily Biblical characters. Our opinions include only their football abilities.

- EDWARDS - - stands above them all in height. He is noted for his defense work in grabbing end runs, also for laying out tackles on the offense.
- LANGLEY - is a fair blocker, a rather good pass receiver, but he lacks experience. Next year he should make an excellent end.
- FELL - - - is a good cross-blocker, and when angered he was a really rough tackle, despite the fact that he furnished most of the amusement necessary to remove the drudgery of the game.
- STONEBURNER the toughest blocker on the line, had great endurance, and was one of the most dependable men on the team for three years. He used the principle of giving more than he received.
- CAUGHIEY remained the steady and hard hitting guard he started out to be. Next year he will continue the accurate open field blocking that he displayed.
- TAYLOR - - - the rough and tumble guard, loved to hit someone at any time—if he felt like it. A hard driver, quick thinker and hardy tackler. He made many mistakes, but if controlled, there will be no better guard.
- KAPPES the quiet center, was an artist at centering and although he didn't like to block was fair on defense.
- BARNHOUSE - was probably the best open field blocker and tackler in the league. Nothing seems to hurt him, he's fast and dependable, despite his lack of weight. Truly a good player.
- POLLOCK - - the unstoppable line driver and spinner, showed everyone he could take it. He knows all positions well, is a good passer and receiver. He should be a great help next year.
- HARRIS mostly showed his heels to the opposition. Once he maneuvered around end, six more points were added to the score. He doesn't like to block, but is a good man at backing up the line.
- KUSSMAUL - - was the shiftest runner on the team, fast, and a good receiver. He scored many of the points for the team.

SUMMARY

This year's season started with a surprise team and ended with a surprise. When the Blue Devils began their assault, they were slated as C. O. L. champions, with one of the finest teams ever born of Lash. Elated drivers Brammer and Zink, after defeating Chillicothe, coached Zanesville into a knockout victory over New Philly—a team that usually had the game won before they started, and who had always before pinned the Blue Devils' shoulders to the

mat. Then came a narrow loss to Columbus Aquinas, followed by three straight league victories and high hopes of the cup. At a most unfortunate time overconfidence crept in, and Marietta won. Then a small and fast Newark hit the, by that time divided, Blue Devils squarely in front, and all defense and offense toppled away. Dover left the team only with hopes of the future, although first stringers graduate.

FORECAST

As always, "Hope springs eternal in the human breast." So again next year Brammer and Zink plan to have the league championship. No visible reasons appear why they should not have the honor, for they will be gifted with practically the same backfield, and though the line will lack experience, if they

take a notion nothing can stop them. Their coach is a top coach in the C. O. L. and Mr. Zink is a practical help any coach would like. If they are able to counteract the effects of gals, candy, and victories they will come through better than the uptown coaches predict. Here's to their success.

SHAMP

Our athletic director stands near the top for ability and skill as an athlete. For many years he traveled with a circus as a performer on the parallel and horizontal bars.

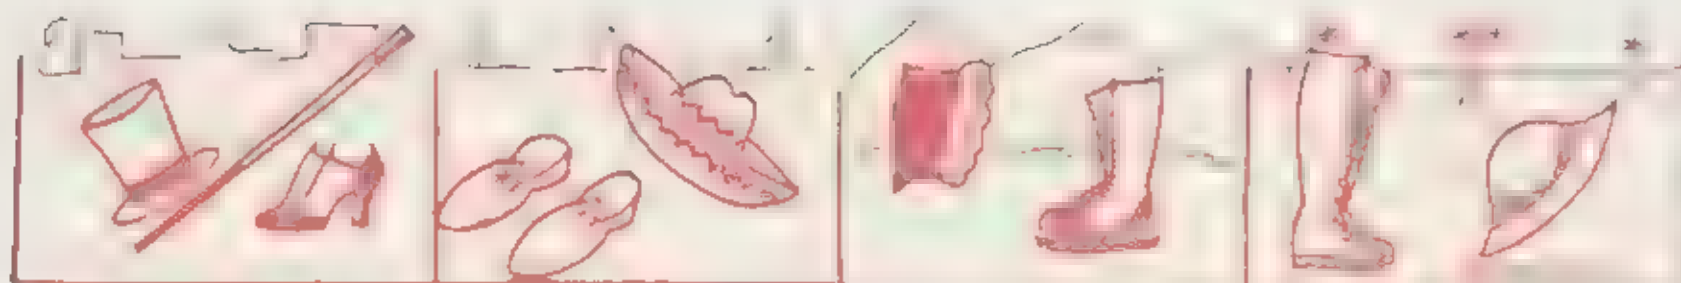

He now teaches the boys' gym class and hygiene and directs the intramurals. He has charge of the Lash and Hancock gym exhibitions, and advises the Leader's Club.

Noted for his friendliness, Mr. Shamp is one of the best liked teachers in the building. Ask a boy what he thinks of Shamp, and he replies, 'Oh, everyone likes Shamp.'

GUTHRIE

Miss Guthrie, our new girl's gym instructor says she "feels better this way", if she has on her blue pants, that make her look like a sailor. Her athletic talents are excellent as girl's athletic talents go. That fact and her personality have influenced her girls to get used to her quickly. She follows the usual routine teaching of volley ball, and she does a good job of it. She conducts basketball and bowling teams, marching, and various girl's activities. In preparing the Hancock Gym Exhibit, she proved she was capable of holding her position and more, too.

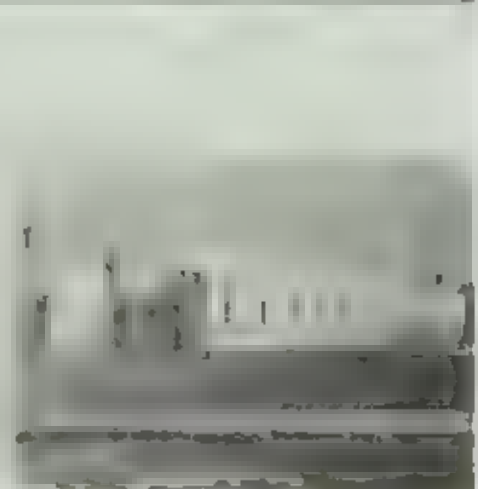

VARSITY

- JOHN YOUNG - - was captain of the Blue Devils and he was undoubtedly one of the best rebound men any team could hope to have. His accurate eye made him the high point man for the season. The team will certainly miss Johnny next year.
- DICK POLLOCK - specialty was pivot shots and tip shots. He also got more than his share of the rebounds. Dick always tried his hardest and this in itself will make him one of the mainstays of next year's squad.
- TOM KUSSMAUL - was the best defensive man we had. Many was the time he held the opposition's star to several points. His accurate shots out in front as well as his speed kept a few more games on the "won side" for the Blue Devils.
- BILL ZIEMER - - played his first year on the Varsity. His deadly shots and clever ball handling marked him as a threat to any team. At Dennison Bill swished four straight from the side, which isn't bad.
- JACK HARRIS - - won himself a place on the squad by his cool play. Speedo was always alert on the defense and could be counted upon when needed most. Jack will be back next year to show us how it is done.
- GORDON GIFFORD - started out the season playing a good brand of ball but misfortune struck and he broke his wrist. However it was about well by tournament time and he kept the boys pepped up.
- BILL HUNT - - - could always be counted upon for his share of the points. Bill was a good long shot and fast as well. He should have a hot time next year.
- LOU EDWARDS - was the giant and had little trouble getting the rebound. Many was the time he efficiently did his job. We can count on Lou next year, too.
- PAT HILLIS - - - was the "pee wee" but this didn't affect him while he dropped them through. If we give Pat some spinich this summer, he will really go places.
- DON MERCER - - didn't see much action but he certainly had plenty of enthusiasm and was capable of doing a good job if he was needed. He was one of the best shots on the team.
- HERB McELFRESH - also played some with the Varsity. Both are sophomores and gained
BILL CROTZFR - - valuable experience this year. You will hear plenty about both of them next year.

We also want to honor Mike Rostek, the manager, for the important part he played this season. Mike really kept the boys' clothes in good shape and saw that the little things were right. Win or lose he could be counted upon to cheer the boys up. He will be one of the biggest losses and can't be replaced.

PREDICTION AND SUMMARY

The Blue Devils started out this year with a new coach, new floor and two new sets of uniforms. The boys started out rather impressively but slumped during the mid-season. However, the right spirit was found by tournament time and the Blue Devils had no trouble beating the best in this section. At the State Tournament something happened, jitters when the heat was on maybe, but the boys vowed they would be back next year.

This year in the C. O. L. they were somewhat of a disappointment as far as games won and lost. With seven lettermen returning and the championship reserve team advancing, things look pretty bright for next year. However, Newark has the same team back and Chillicothe and Dover are new additions to the league. We predict a close race between Newark and Zanesville.

AUDITORIUM

This year the Blue Devils had a brand new floor to play on in the Auditorium. The audience is farther away from the players, the seats are more comfortable and many more people can watch the games. The players don't mind the stage at all since it is just like a big gym floor. Our floor is now on a par with about any other team in the state. This year

the district and sectional games were held here which proves what a new floor and better seating capacity will do. Baseball and tennis can be easily practiced inside now.

The Blue Devils and Zanesville High School are justly proud of the Auditorium, and we want to thank the taxpayers for it.

STADIUM

Our fine new Stadium is quite a change from Mark Park. The Stadium as well as the lighting system rate as one of the best in Ohio. This year many more people have had the chance of seeing the football players get tramped on and battered. However, the Stadium is

not perfect. The drainage system is poor and the seating capacity is too small.

Zanesvillians, however, show with proud chests their new Stadium to visitors, and rightfully so.

BASEBALL

There's not much to report about the baseball situation, with the coming season just about to start, and the past almost a year old. But last year the team did fairly well, although most of the games were rained out. Mr. Brammer coached the team, which consisted largely of past football and basketball men.

Since last year was the first year for high school baseball around here, they weren't expected to be great. But next year, with more experienced boys, the team, providing there's a drouth and good luck, should win quite a few games.

TENNIS

The net squad was one of the most successful of Lash teams last year.

They won four and lost one and also were well represented at the State Tournament.

The lettermen of which only Gifford is back are as follows: Henry Sturtevant (Captain), Gordon Gifford, Donald Blancett, Bernard Killian and Spencer Smith. Others on the team were Herbert Geary and Kenneth Lasko. Sturtevant and Killian won the district doubles while Gifford was runner-up in singles. All went to Columbus.

They were coached by Mr. Walker.

CONGRATULATIONS,
CLASS of '41

and best wishes for your continuing success

We're all proud of Zanesville High School. It is an important community asset. Dedicated to the best ideals in education, it serves an essential cultural purpose, not only in Zanesville, but throughout Southeastern Ohio.

The First National Bank is glad to number among its patrons both faculty members and students — past and present — of Zanesville High.

CONGRATULATIONS

to THE CLASS of 1941!

May you all continue on toward the coveted goal of happiness and success. To those of you who will embrace a college career, our admonition is to take full advantage of your privilege—learn with a purpose! To the many who plan to enter into business, industry and agriculture, we recommend initiative, alertness—and above all, WORK HARD! To all, we remind that a savings account will help to achieve your goal—no matter what it may be!

CONGRATULATIONS to THE CLASS OF 1911!

Now that you have completed your high school training, you will want to take up some specialized training.

With your whole life before you, you will want to prepare for a position that offers opportunities for the future.

Don't be satisfied with a job just "anyone" can handle—because "anyone" could replace you later on when normal times return.

Our school offers you specialized business training which will qualify you for the BETTER POSITIONS, and our Employment Department will assist you in securing one of the BETTER POSITIONS.

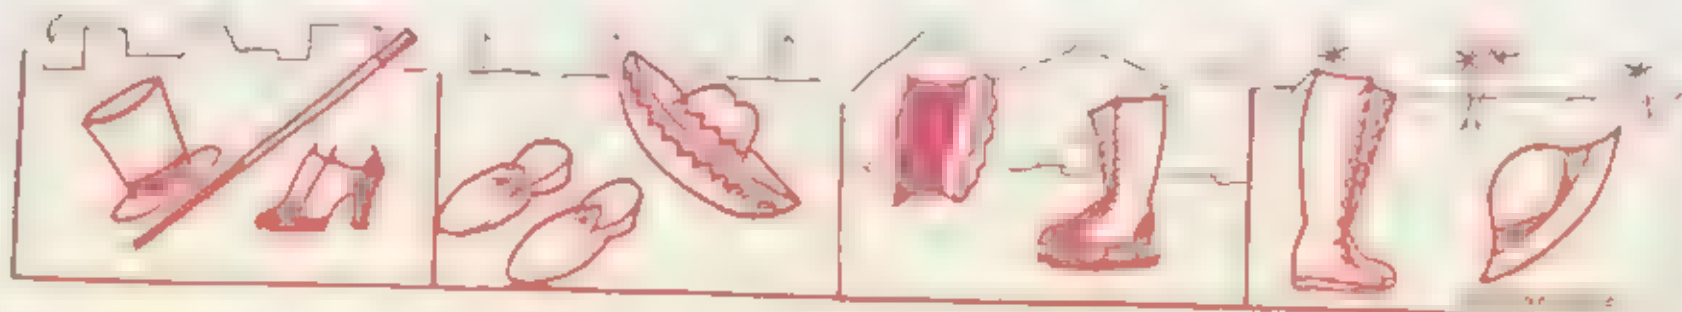

ENROLL NOW for the SUMMER TERM—June 9 and 16.

CONGRATULATIONS
to THE CLASS of 1941!

We not only congratulate you upon the completion of your public school education, but we congratulate you also upon being privileged to acquire that education in a country where freedom of thought has enabled you to work out your destinies with a clearer vision. Because of the democratic methods of modern education you are better prepared to take your place in society. We need not fear for the future of America as long as we have American schools. May the progress of our Zanesville school system long continue.
